

# TECHNICAL DATA SHEET

## ENERGY ABSORBER WITH DOUBLE LANYARD FIDJI Y

Ref EX620-200 : 2m

Ref EX620-150 : 1.5M

### Product Description :

Twin Fall arrest lanyard equipped with energy absorber to stop the fall and reduce the impact of the fall to under 6kN.

Thanks to its double leg, it allows movement and cross over obstacles while one leg remains connected.

Flexible and resistant :

- Tested to 140kgs
- Made of kernmantel rope
- Absorber protected by a textile housing openable through a zipper
- Safety stitchings protected by transparent shell
- Equipped with a twistlock carabiner and 2 aluminum scaphooks.

**Certified to EN355**

*For other versions, please consult us.*
